

Have you attended NIPT training?

Then please fill in a short 5 min survey at
<https://surveys.phe.org.uk/NIPTcascadeevaluation>

The Non Invasive Prenatal Testing (NIPT) cascade training was developed by the NHS Fetal Anomaly Screening Programme (FASP).

It helps you to support women and their families make informed choices about screening for Down's syndrome, Edwards' syndrome and Patau's syndrome.

The survey is to look at your knowledge and confidence before and after the training of:

- the conditions
- the screening pathway
- NIPT
