

# Screening: Evidence and Practice

*Second Edition*

By **Angela E. Raffle, Anne Mackie, and J. A. Muir Gray**

Paperback | 9780198805984  
 June 2019 | 304 pages  
 £29.99 **£20.99** \$39.95 **\$27.97**

## *New to this Edition:*

- Includes a **brand new case study** on abdominal aortic aneurysm screening
- Contains new information about the **updated UK National Screening Committee Criteria**
- Covers a carefully researched case study on the events surrounding one of the earliest, and most damaging public investigations into screening practice, with clear lessons for **evidence-based policy making**
- Includes a new section on **CONSORT, Cochrane** and what we mean by **'sound science'**
- Contains additional material on the concept of **'best value'** and on the ground breaking work of **W. Edwards Deming**
- Case studies on **overdiagnosis** in breast screening and prostate screening have been updated to take account of new evidence
- Improved **language, diagrams, and conceptual frameworks** throughout
